RE: Policy Update for Rule 85-1-.08 (d) (1)- 7 Day Weight Check

Everyone,

The Georgia Athletic and Entertainment Commission (hereinafter "Commission") has issued a new policy, effective immediately. This policy is in regards to Rule 85-1-.08 (d) (1), which is the rule requiring fighters to submit a weigh in video 7 days prior to the weigh in to ensure they are within 10% of the contracted weigh.

Rule 85-1-.08 (d) (1)

(d) Weigh In

1. Preliminary Weigh-In. All fighters must video record a Preliminary Weigh-in one week prior to the Official weigh-in. That video must be reported to the promoter.
 - a. The promoter should save these recording for 1 year.
 - b. Fighters are required to be within 10% of their scheduled weight.
 - c. Should either or both of the contestants weigh more than 10% above their scheduled weight, the promoter may increase the weight class limit, with the consent of both parties.

Policy Update:

The promoter will need to track and submit all the fighters weights to the Commission via email by 11:59pm, 7 days out. These numbers will be reviewed by the Commission in case a fighter is to miss weight.

Promoters who fail to comply could result in suspension, fine and/or not approving future event permit applications. Fighters who fail to comply could result in suspension, fine and/or not being allowed to compete in that weight class for future bouts.
